World's Smallest Covert Video
Recorder And/Or Camcorder!**

Introducing the PI-Camcorder TinyTek Stick, the high quality camcorder that actually can fit inside a standard pack of gum. Delivering unbelievable quality video/audio at the touch of one button.

Evidence recording has never been made easier! The PI-CamStick is the smallest high resolution, real time digital camcorder ever produced. Easy to use "one touch record" button lets you discretely record any evidence instantly. For the most discrete applications, the PI-CamStick can even fit into a standard pack of chewing gum! High quality instant videos have never been easier!

Introducing the PI-CamStick super compact video/audio camcorder. Smaller and lighter than a disposable cigarette lighter yet packed with high quality features. CamStick records Hi-Resolution (3gp) real time (15fps) video via its internal pin hole camera at the touch of a button. Recordings are stored on a tiny removable Micro SD card. Up to 33 hours of video can be recorded on a 1Gb Micro SD card. Internal rechargeable battery is recharged via USB connection. Records for over 2 hours on a single charge. Using the new state-of-the-art 3GP third generation format, recordings can be played instantly on 3GP compatible cell phones and PDAs. 3gp videos can be played on any PC using free download players from Realtime or Quickplayer.
